

Item Name: UPS 6KVA/6KW,		Quantity: 01
Specification	Details	
Product Name	3U rack and tower configuration (with Railing)	
Input Voltage / Output Power	230v 6,000kW/6,000VA power capacity - minimum	
	Ability to control a group of output load receptacles	
Emergency power	Emergency power off	
	Noise filtering and automatic voltage regulation	
Display	LCD for local configuration of power setting	
Battery	Enhanced battery management and removable battery	
Environmental monitoring	Embedded network management card with environmental monitoring	
Warranty:	Warranty: 2-year Parts and Services
